GOALS

- To enrich and extend the standard curriculum through experiential learning
- To foster understanding of cross cultural sensitivity and development issues
- To develop self-leadership, self-care and resiliency
- To develop transferable life skills and attitudes including: adaptability, analysis, confidence, independence, initiative, integrity, organization, perseverance, problem solving, responsibility, stress management and time management

INTERNATIONAL PLACEMENT

For one month:

- Live with a host family
- Volunteer at individual co-op placement in your chosen field
- Complete practical assignments
- Earn a single cooperative education credit toward your high school diploma
- Gain valuable and authentic work experience

COST & SUPPORT

Per student program fee: \$4900

Covers your placement, accommodation, meals, full insurance package and some weekend group excursions. The full time paid staff of Projects Abroad will assist you, meet you at the airport, introduce you to your host family and placement and ensure you settle in well. Two teaching staff members of St. Mildred's-Lightbourn School will oversee the delivery of the cooperative education credit including all pre-placement work (prior to departure), on-site visitations, monitoring of student progress, integration work and assessment. Price does not include visa and flights.
